 CRITICAL TEMPERATURE ALERT 

 ALERT DETAILS:

 Current Temperature : 40.0°C

 Alert Threshold : 35.0°C

 Humidity : 60.0%

 Device Name : SIM-SENSOR

 Timestamp : 2026-03-30T22:05:18.448866

 Alert Sent At : 2026-03-30 22:05:18 UTC

 ACTION REQUIRED:

- Check the device immediately
- Verify sensor accuracy
- Review environmental conditions
- Check cooling system status

 NOTE: You will receive another alert only after:

1. Temperature returns to normal (below 35.0°C)

2. Then exceeds the threshold again

This prevents alert spam while keeping you informed.
